

Youth Information Centre

The Youth Information Centre (YIC) provides a free and confidential, generalist, drop-in information service, which is impartial and non-judgmental.

The YIC is an educational process, which aims to empower young people to make informed decisions and positive life choices. It is carried out through the provision of a person-centred service, based on the needs of young people.

The YIC operates as an integrated part of locally based youth services.

Youth Information Centre works closely with other local organisations and will refer you to these if necessary.

Youth Information Centre

Canal Stores,
Basin Street
Naas, Co. Kildare
